

Earth, Water, Fire

An Ecological Profile of Lanark County

Dr. Paul A. Keddy

A Christmas gift: inexpensive but long-lasting

A comprehensive introduction to the natural environment of Lanark County—from bedrock to beech trees, and from bears to black rat snakes.

Nineteen maps including geology, forests, ice age oceans, special places, a meteor crater and more.

This updated edition has the latest information on wetlands and protected places.

A practical gift for a friend, neighbour, student, guest or family member.

A perfect addition to every cottage and guest room in Lanark County.
